

Precautions

- Do not touch the surface of the disc when handling – hold it by the edge. • To keep the disc clean, wipe gently with a soft cloth. Keep the disc scratch free. • Keep the disc away from extremes of temperature, direct sunlight or exposure to excessive moisture.
- Never use a cracked or warped disc or one that has been repaired using adhesives. This could lead to operating problems.

Health Warning

WARNING: READ BEFORE USING YOUR COMPUTER GAME.

A very small percentage of individuals may experience epileptic seizures when exposed to certain patterns or flashing lights. Exposure to certain light patterns or backgrounds on a monitor while playing computer games may induce an epileptic seizure in these individuals. Certain conditions may induce undetected epileptic symptoms even in persons who have no prior history of seizures or epilepsy. If you, or anyone in your family, has an epileptic condition, consult your physician before playing. If you experience any of the following symptoms while playing a video game: dizziness, altered vision, eye or muscle twitches, loss of awareness, disorientation, any involuntary movement, or convulsions, IMMEDIATELY discontinue use and consult your physician before resuming play.

Piracy Notice

Copying commercial games such as this, is copyright infringement and a criminal offence.

Copying and re-supplying games can lead to a term of imprisonment.

Think of a copied game as stolen property.

This Codemasters game is protected by the FADE™ protection system. If you purchase an illegal copy of the game, you will be able to play it - but not for long. As you play, the gameplay of a pirated copy will degrade.

Make sure this doesn't happen to you.

Purchase only genuine software at legitimate stores.

If you are aware of illegal copying or illegal distribution of games and want to help stamp out piracy, please telephone the ELSPA HOTLINE in strictest confidence on

installation

Place colin mcrae rally 04™ Disc 1 in your CD drive and close the disc tray. Wait a few seconds for the drive to initialise. If you have Autorun enabled on your PC, colin mcrae rally 04™ will automatically begin to install. If you don't have Autorun enabled, go to the Start Menu and select RUN. Type D:\setup (replace 'D' with the drive letter of your CD) and hit ENTER.

The installation program will initialise; follow the on-screen instructions to progress through the Installation. colin mcrae rally 04™ requires the presence of DirectX 9.0b on your system. You will be given an option to set up DirectX 9.0b during installation.

During installation, you will also be given the opportunity to register your game online. This is not a requirement – you can register your game at any time following installation at www.codemasters.co.uk/register. If you are using a dialup connection to access the Internet, but do not have this configured to activate automatically on request, you may need to initiate your connection prior to beginning installation if you want to register online.

It is advisable to have no other programs (other than those required to access the Internet) running on your PC during installation.

championship autosave & loading

As you enter Championship Mode, select a save file.

Select an empty save file to start a new Championship. To continue a previously saved Championship, select the file that Championship is saved in.

At the end of each service area and each rally, your progress is saved automatically to the selected file.

P4

multiplayer

- CHAMPIONSHIP MODE (1-2 PLAYERS) • STAGES MODE (1-4 PLAYERS)
- QUICK RACE (1-4 PLAYERS) • RALLY MODE (1-4 PLAYERS)

As you set up the game mode, you will define the number of players involved in the rally. In split-screen mode (see below) each player will require a separate controller in order to play, though one player can use the keyboard. Go to Options>Controller to allocate an installed controller/keyboard for each player (see Options).

First, Player 1 selects their car, enters their name and chooses their nationality. Then any other players make their selections in order, before proceeding onto the stage.

Players can drive either co-operatively or competitively. To rally co-operatively, players select the same car (see Car Selection) on entering the game mode. Both will then work for the same team and their points combine to form the manufacturer's construct score (see Scoring Points).

For head-to-head competitive rallying, players simply select cars from different manufacturers — points are scored on an individual driver basis.

split screen or alternate

In Stages Mode, Rally Mode and Quick Race, choose whether players take it in turns to complete each rally stage (Alternate) or race together in split-screen action.

Championship Mode with more than one player, is always driven in Alternate format.

network multiplayer

To compete in a rally over LAN or Internet, select "Network" from the Main Menu.

LAN

Up to 8 players can contend in a multiplayer rally across a Local Area Network. Each player must have colin mcrae rally 04™ installed on their PC and a properly configured LAN connection.

As you enter LAN multiplayer, the Network Games menu and a list of games currently running across your network is displayed.

internet

Select "Internet" to connect to the world wide web and race with other rally enthusiasts across the world. If you are using a dial-up connection and it is not configured to connect to the Net on demand, you may need to quit colin mcrae rally 04™ and connect to the Internet manually before restarting the game. Other high-speed internet connections such as broadband, are active all the time and connection will commence automatically. For the best rally experience with colin mcrae rally 04™, use a high-speed connection.

As you enter Internet multiplayer, the Network Games menu and a list of games currently running across the Net is displayed.

network games menu

player

Select "Player" from the Network Games menu to enter your player name and choose your nationality for the coming multiplayer session.

new game (hosting a game on internet or LAN)

To host a session across LAN or Internet, select "Host" from the Network Games menu, then set up the following options:

name	Change name of the session if desired.
port	(Internet Only) Define a port number if required.
password required	Define whether a password must be entered by players joining your session.
password	Define the password to be entered if Password Required is set to "Yes".
max players	Set the maximum number of players (1-8).

Once you have started your session, the following options are available:

game	Select the countries and/or stages to be driven by you and your fellow competitors.
car	Select your own vehicle for the coming rally.
chat	Type in the box and press ENTER to transmit a message to all other players in your session.
ready	Select "Ready" when you are ready to hit the stage. When all players connected to your session have also selected "Ready", the rally will begin. While you are waiting, the message box appears so you can chat to the other players in your session.

join (entering a game running on internet or LAN)

To join in a session across LAN or Internet, select "Join" from the Network Games menu, then choose a game from the list displayed. Select "Refresh" to update the list of games running.

When you have connected to a session, set up the following options:

car	Select your vehicle for the coming rally.
chat	Type in the box and press ENTER to transmit a message to all other players in your session.
ready	Select "Ready" when you are ready to hit the stage. When all other connected players and the host have also selected "Ready", the rally will begin. While you are waiting, the message box appears so you can chat to the other players in your session.

damage

• CHAMPIONSHIP MODE • STAGES MODE • RALLY MODE

Damage to your vehicle is a natural hazard of rallying. If your car gets too beaten up, you may no longer be able to complete the rally stage.

There are three levels of damage selectable in all game modes:

- normal** Your car is subject to an average level of damage and will take a fair bit of punishment before it is completely put out of service.
- heavy** Collisions, grounding, bad driving etc will have a dramatic affect on the handling of your car. Take care, as poor performance may force you out of the rally earlier than you expect.
- expert** Near-realistic level of damage unlockable in Championship Mode – see Championship Mode.

repairing damage

Any damage incurred can be repaired at the Service Area when you visit it periodically through the rally.

Your repair team has limited time in which to restore your vehicle to rally condition. If there is too much damage for the crew to fix within the allotted time, you may have to head into the next stage with some of it unrepaired. You need to prioritise the most vital repairs in order to get back onto the stage with your car in the best state possible.

For example, your car may have sustained damage to both its bodywork and suspension. Although the bodywork protects all other parts, fixing the suspension may be more critical to completing the next stage.

If you feel some repairs are vital and there is not sufficient time for them to be completed, you can still have limited repairs carried out but at the cost of a time penalty (max 5 mins). This will be deducted from your overall rally/stage time unless you can make it up with some truly 'A' class driving.

Highlight each of the damaged components in the repair list and assign levels of repair to each. The time needed to complete each repair is shown on screen, as is the total amount of time available for repairs.

retiring

If your car has sustained too much damage to make it to the end of the rally, you may have to retire. Hopefully, you will be able to make up enough points in the next country (Championship Mode) to prevent your season from becoming a total washout. To retire, select "Retire" from the Pause Menu.

the spare wheel

If you blow a tyre or even tear a wheel off your car, the spare wheel will be fitted at the end of the stage. You only carry one spare though, so if you lose a wheel or tyre again (or lose more than one) and cannot make it to the next Service Area, you have to retire from the rally. However, if you can make it to a Service Area, all damaged wheels & tyres will be replaced.

engine damage and cut-out

Damage to your cooling system can cause your engine to overheat (you'll notice steam pouring from under your bonnet). Over time, this will damage your engine (the steam will turn to smoke); this will result in it cutting out.

Restart the car from a stall by stabbing the accelerator button.

NOTE: It is also possible for the engine to cut out when involved in a major head-on collision.

name entry

- BEGINNING A CHAMPIONSHIP • STARTING A RALLY
 - STARTING A STAGES MODE GAME
- ASSIGNING A CHAMPIONSHIP SAVE SLOT
- SAVING A RALLY OR STAGES MODE GAME

Enter a name by selecting each letter in turn. To enter a space between words, select space. To delete a character, select the backspace symbol.

When you have entered the name, select OK.

car selection

- STARTING A RALLY • STARTING A STAGES MODE GAME

First select the group of cars you want to choose your vehicle from:
2 wheel drive, 4 wheel drive, Group B or Bonus Cars.

Next, select the vehicle you want to drive from the list displayed to proceed.

2WD & 4WD Cars

These two groups contain the standard grade of car seen on official rally stages throughout the world.

Group B (unlockable)

A collection of the most infamous cars of 1980's rallying, super-powered and tricky to control.

Bonus (unlockable)

Rally with a whole range of cars from motoring history.

the service area

car setup

tyres

Select the best type of tyre for the coming stages.

Make sure you've checked out the weather conditions and terrain you're about to face. If you don't make an educated decision about the tyres you're running on, you could lose more than just time before you get back to the Service Area.

brake bias

Balance the power of your brakes between the front and rear discs. This affects the way your car handles in cornering. More power to the rear brakes can result in them locking on corners and swinging the back of the car outside of the optimum line (oversteer). Shifting power to the front brakes may likewise cause them to lock and create understeer.

steering speed

A lighter steering speed allows you to reach full lock and turn your car more quickly. Your vehicle handling will become more sensitive and require greater control. Setting a low steering speed may result in your car becoming less responsive with a slower speed needed to take those hairpins.

gear ratio

A high gear ratio provides an increased range through the gears and a higher top speed, but at a hit to your acceleration. Low gear ratios get you off the mark more efficiently, but your maximum speed will not be so fast.

ride height

A low ride height (distance of chassis from the road) gives your car increased stability on smooth surfaces, but the range of your suspension is reduced. You will be less able to cope with roughness in the terrain and the risk of grounding is increased.

springs

Softer springs give greater traction on rough and uneven surfaces, but body roll increases. Set your springs harder to enhance stability on smooth surfaces and reduce body roll.

anti-roll

Anti-roll works with your suspension to help overall stability over uneven surfaces and to counteract body roll when cornering.

shakedown

• CHAMPIONSHIP MODE

Shakedown is the day allocated for you to ensure your car is fully configured in readiness for the upcoming rally. From the Service Area, configure and tweak your car setup (see Car Setup), then test its performance on the Shakedown Stage. At the end of the Shakedown Stage, return to the Service Area if you want to make further adjustments or, if you feel your setup is perfect, continue into the rally proper.

You will get the opportunity to make changes to your car setup when you return to the Service Area mid-rally, but you won't get the chance to test those changes before heading back onto the stage. Make the most of Shakedown while you're here!

the ghost car

• STAGES MODE • RALLY MODE

Available in single player and alternate multiplayer rallying, the ghost car represents the current fastest time through the stage.

Beat the ghost car through the stage to set a new record. Activate or deactivate the ghost car through the Options Menu (see Options).

scoring & rankings

time scoring

• CHAMPIONSHIP MODE • STAGES MODE • RALLY MODE

At the end of each rally, you are awarded points, which are based on your cumulative time as you cross the finish lines of each stage. If you are driving co-operatively in Multiplayer (see Multiplayer), your scores are combined to create your team's construct score.

Individual driver points are awarded for each leaderboard position as follows:

1st	16 points
2nd	14 points
3rd	12 points
4th	10 points
5th	8 points
6th	6 points
7th	4 points
8th	2 points

Manufacturer (team) points are awarded as follows:

1st	10 points
2nd	8 points
3rd	6 points
4th	4 points
5th	2 points

No points are awarded for failure to complete a rally.

points scoring

• STAGES MODE • RALLY MODE

Using Points Scoring, your positions are ranked according to your time at the end of each stage rather than at the end of the whole rally.

1st	8 points
2nd	6 points
3rd	4 points
4th	2 points

At the end of the rally, the accumulated points are combined to establish the winner.

P10

championship mode

• PLAYERS: 1-2

Championship Mode is the heart and soul of Colin McRae Rally 04™. Take up the challenge of a professional rally driver in world competition, as you face rallies in up to 8 countries and drive all kinds of terrain and conditions that will truly test your abilities.

When you begin a new Championship, first select the slot to save your game into (see Championship Autosave & Loading), then choose the type of Championship that you want to compete in: 4WD, 2WD, Group B (unlockable) or Expert (unlockable), then the level of difficulty...

normal difficulty

Your car is subject to Normal damage (see Damage).

advanced difficulty

Damage is set to Heavy (see Damage) and opponents are more difficult to beat.

expert difficulty (unlockable)

Expert difficulty is the ultimate rally challenge. Not only is your car subject to near-realistic collision damage, but course information (stage time, progress, etc) is removed from the screen and your view is locked to the cockpit camera. It's just like being inside a real rally car!

Each Championship structure depends on by the group you are competing in and the difficulty level you set:

Group	Difficulty	Events in Championship	Tracks per Event
2WD	Normal	5	4
2WD	Advanced	6	5
4WD	Normal	7	6
4WD	Advanced	8	6
4WD	Expert	8	6
Group B	Normal	5	6

parts testing mini-games

The skills and knowledge of the world's top rally drivers are invaluable to makers of car parts to assist in the development of new components. Occasionally you may be invited to test out a new part on a specially selected track.

You have two attempts to meet the criteria for a Parts Test. Successfully meet the specification for a test and the development of the new part will be concluded. The new component will be installed, increasing the performance and competitiveness of your car.

rally mode

- 1-4 PLAYERS (SPLIT-SCREEN) • 1-4 PLAYERS (ALTERNATE)

Select one of the special rallies on the Track Select screen, or choose a custom slot to make your mark on the world of rally and create your own rally event from the stages you've completed in Championship Mode.

custom rallies

First select a custom slot on the Rally Mode screen. Next use the Country and Stage options to select the individual stages of your custom rally. You can choose up to 6 stages to race. When you're satisfied, simply exit the screen and the rally will be saved to the chosen custom slot.

To drive the rally you just created, select it from the Rally Mode screen.

stages mode

- 1-4 PLAYERS (SPLIT-SCREEN) • 1-4 PLAYERS (ALTERNATE)

Drive any of the available cars on any of the stages you've unlocked through Championship Mode.

First select the country then the stage, then head out on to the track to claim the stage record.

co-driver calls & pace notes

Whenever you're on the track, you must remember that you are not just a world-beating driver alone, but part of a team. The other half of your team is your co-driver and he's just as important to your accomplishment as your own skill. Listen to him.

Throughout each stage, your co-driver will feed you information about the oncoming terrain in the form of pace notes. These are unique to each stage and are crucial to your success, especially where visibility is limited.

The pace notes take the form of a call from your co-driver, which details distance; a difficulty number which represents the hazard of the oncoming bend; terrain features in the order they occur and sometimes a warning. The distance to the approaching obstacle is given in metres. The lower the difficulty number, the slower your speed will need to be to get through the oncoming hazard.

When your co-driver calls a "6", the way ahead is clear and you can floor it until he tells you otherwise.

Oncoming bends and corners are also shown on screen, for example:

Hairpin Turn.....Shallow Bend

call definitions

care:	hazardous.	turn:	a corner at a road junction.
caution:	very hazardous.	opens:	corner widens on exit.
crest:	a rise in terrain hides the track beyond.	tightens:	corner becomes tighter on exit.
jump:	a rise in terrain that, if taken at speed, will jump the car into the air. Remember, once your tyres leave the ground you have zero control over your car.	narrows:	road narrows.
long:	a long corner.	don't cut:	do not drive across the apex of the corner.
very long:	an extended long corner.	straight:	hold a straight line through the coming bends.
		bumps:	undulations in the terrain which could unsettle your suspension.

options menu

controllers

Select a controller for each local player. Only the keyboard and any installed controllers/wheels will be selectable.

graphics

De/activate on-screen display elements, set graphics quality and calibrate your screen. Select "Advanced Options" to select your graphics adapter, set your screen resolution and de/activate graphics adapter functions. If you are not experiencing optimum gameplay, reduce screen resolution or deactivate graphics adapter functions to improve performance.

sound

Adjust the volume levels of your co-driver's speech, the music & the special effects.

Creative's EAX 4.0 advanced HD™ in colin mcræ rally 04™

Colin McRae Rally 4 is the first game to feature a revolutionary technique for super-realistic acoustic simulation using Creative Labs' EAX 4.0 Advanced HD™ audio. As you drive along the course, the game's EAX audio system analyses the nearby landscape. EAX 4.0 Advanced HD Multi-Environments™ are used to simulate sound reflections from all around.

EAX 4.0 Environmental Filtering™ can simulate sound energy bouncing off almost any type of material. Sound reflected from a stone wall inches from your wing mirror will sound very different to the acoustics generated by rolling fields or distant snowdrifts. What's more, EAX 4.0 Environment Panning™ means that sound reflections are accurately panned in 3D, so gamers with surround sound speaker systems will hear these acoustics in breathtaking surround sound.

EAX 4.0 ADVANCED HD™ audio is currently available only on Windows 2000 and Windows XP systems with Creative Labs Sound Blaster Audigy, Audigy 2 and Audigy 2 ZS internal sound cards. The latest EAX 4.0 driver update can be found on the CMR4 game disc, or on Creative's websites – see www.soundblaster.com/drivers for details of your nearest Creative driver download site.

Step up the pace with Colin McRae Rally 4 on SoundBlaster Audigy2 – the premier racing games audio experience.

language

Change the language that your co-driver uses. Colin McRae's co-driver, Derek Ringer, voices all the pace notes for all stages and is always the co-driver when driving the Citroën Xsara. The alternative co-driver, co-driver B, can be chosen to voice pace notes when driving any other vehicle.

secrets

Unlock game features prior to completion of the required stage using the Codemasters Hintline or online service. Write down the Access Code shown on this screen, then follow the process on the back cover of this manual to get the Secret Code/s.

Enter the Secret Code/s on this screen to unlock the special feature.

P14

high scores

Check the highest scores of all the rallies you've completed so far. Also shown is a special code, which you can use to register particularly good times at the Codemasters Hall of Fame website.

If you have access to the Internet and have driven a time worthy of world attention, log onto:

www.codemasters.co.uk

and click the Hall of Fame button, then from the drop-down menu, choose the colin mcrae rally 04™ Hall of Fame.

Enter the code you've been given and if your time is fast enough, it will be placed on show for the world to see!

If you've obtained a code from the unlockable Expert difficulty level, this will be listed separately to prove that you are truly among the world's elite rally drivers.

views

During your rally, press Change Camera to switch between the cameras mounted on and within your car to get a whole new perspective on the action:

In-car Cam

Bumper Cam

pausing the action

At any time during a rally, press ESCAPE to pause the action. The following options are available:

- Retire – see Retiring.
- Continue – return to the rally.
- Exit Game.

how to play in GameSpy Arcade

You can play colin mcrae rally™04 online through GameSpy Arcade, which comes conveniently bundled with the game. If you haven't done so already, insert your colin mcrae rally™04 disc and install Arcade now. Then, to play colin mcrae rally™04 online, just follow these simple instructions:

Launch GameSpy Arcade and Go to the colin mcrae rally™04 Room: Click on the GameSpy Arcade link in your Start Menu. When the software starts, you'll see a list of games and more along the left-hand side. There's plenty to do, but there's time for that later: Click on the colin mcrae rally™04 button on the left to enter the colin mcrae rally™04 room.

Find and Join a colin mcrae rally™04 Server: Once you're in the colin mcrae rally™04 room you can meet or greet other players and find servers. The top half of the application will list all of the available servers, including the number of people playing and your connection speed (measured by something called "ping." The lower your ping, the better.) Double-click on a server of your choice to join. colin mcrae rally™04 will launch and automatically connect you to the server you selected. Let the rally begin!

problems?

If you have problems using Arcade, whether installing the program, registering it, or using it in conjunction with colin mcrae rally™04, consult our help pages, located at <http://www.gamespyarcade.com/help/> or e-mail us by using the form located at <http://www.gamespyarcade.com/support/contact.shtml>.

colin mcrae mbe

Colin McRae—undoubtedly the most popular, exciting and successful driver on the world circuit today. He's won more rallies than any other driver, with a style that all fans love to see.

In 1995, the 35 year-old Scot became the youngest ever World Champion. Hot on the heels of a successful career with the Subaru Prodrive and Ford Rallye Sport teams, he now drives for Citroën Sport.

Colin's known for his all-out attacking style and throughout his driving life, it's brought him an incredible 25 World Rally Championship wins.

When the "Flying Scotsman" dominates the global stage, people watch and rivals watch out. That says it all.

For more information on Colin McRae, check out

www.colinmcrae.com

derek ringer

Glaswegian Derek Ringer first joined Colin McRae in 1987 to contest the Rally of Great Britain. In 1993 the duo won their first World Rally event in the New Zealand leg of the Championship. Two years later they were dominating the world rally scene, culminating in the ultimate - the world rally championship title in 1995.

Following a spell accompanying other drivers between 1996 and 2002, Derek finally rejoined Colin for the final two legs of the 2002 season and when McRae moved to Citroën Sport at the end of that year, Ringer moved with him.

IF YOU DO NOT AGREE TO THE TERMS OF THIS AGREEMENT, YOU ARE NOT AUTHORIZED TO USE THE PROGRAM AND YOU SHOULD RETURN THE PROGRAM TO THE VENDOR FROM WHICH YOU OBTAINED THE PROGRAM AND REQUEST A REFUND.

THE PROGRAM is protected by the copyright laws of England, international copyright treaties and conventions and other laws. The Program is licensed, and not sold, and this Agreement confers no title or ownership to the Program or any copy thereof.

1. Limited Use License. Codemasters grants you the non-exclusive, non-transferable, limited right and license to use one copy of the Program solely for your personal use on a single computer.
2. Ownership. All intellectual property rights in and to the Program (including but not limited to video, audio and other content incorporated therein) and title to any and all copies thereof are owned by Codemasters or its licensors, and you receive no right or interest therein other than the limited license in paragraph 1 hereof.

YOU SHALL NOT:

- * Copy the Program.
- * Sell, rent, lease, license, distribute or otherwise transfer or make available to any other person the Program, in whole or in part, or use the Program or any part thereof in any commercial context, including but not limited to using in a service bureau, "cyber cafe", computer gaming center or any other commercial location in which multiple users may access the Program. Codemasters may offer a separate Site License Agreement to permit you to make the Program available for commercial use; see the contact information below.
- * Reverse engineer, derive source code, modify, decompile, disassemble, or create derivative works of the Program, in whole or in part.
- * Remove, disable or circumvent any proprietary notices or labels contained on or within the Program.

LIMITED WARRANTY. Codemasters warrants to the original consumer purchaser of the Program that the recording medium on which the Program is recorded will be free from defects in material and workmanship for 90 days from the date of purchase. If the recording medium of a product is found defective within 90 days of original purchase, Codemasters agrees to replace, free of charge, such product within such period upon its receipt of the Product, postage paid, with proof of the date of purchase, as long as the Program is still being manufactured by Codemasters. In the event that the Program is no longer available, Codemasters retains the right to substitute a similar program of equal or greater value. This warranty is limited to the recording medium containing the Program as originally provided by Codemasters and is not applicable and shall be void if the defect has arisen through abuse, mistreatment, or neglect. Any written warranties prescribed by statute are expressly limited to the 90-day period described above.

EXCEPT AS SET FORTH ABOVE, THIS WARRANTY IS IN LIEU OF ALL OTHER WARRANTIES, WHETHER ORAL OR WRITTEN, EXPRESS OR IMPLIED, INCLUDING ANY WARRANTY OF MERCHANTABILITY, SATISFACTORY QUALITY, FITNESS FOR A PARTICULAR PURPOSE OR NON-INFRINGEMENT, AND NO OTHER REPRESENTATIONS OR CLAIMS OF ANY KIND SHALL BE BINDING ON OR OBLIGATE CODEMASTERS.

When returning the Program for warranty replacement please send the original product disks only in protective packaging and include: (1) a photocopy of your dated sales receipt; (2) your name and return address typed or clearly printed; (3) a brief note describing the defect, the problem(s) you encountered and the system on which you are running the Program.

LIMITATION ON DAMAGES. IN NO EVENT WILL CODEMASTERS BE LIABLE FOR SPECIAL, INCIDENTAL OR CONSEQUENTIAL DAMAGES RESULTING FROM POSSESSION, USE OR MALFUNCTION OF THE PROGRAM, INCLUDING DAMAGES TO PROPERTY, LOSS OF GOODWILL, COMPUTER FAILURE OR MALFUNCTION AND, TO THE EXTENT PERMITTED BY LAW, DAMAGES FOR PERSONAL INJURIES, EVEN IF CODEMASTERS HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. CODEMASTER'S LIABILITY SHALL NOT EXCEED THE ACTUAL PRICE PAID FOR THE LICENSE TO USE THIS PROGRAM. SOME STATES/COUNTRIES DO NOT ALLOW LIMITATIONS ON HOW LONG AN IMPLIED WARRANTY LASTS AND/OR THE EXCLUSION OR LIMITATION OF INCIDENTAL OR CONSEQUENTIAL DAMAGES, SO THE ABOVE LIMITATIONS AND/OR EXCLUSION OR LIMITATION OF LIABILITY MAY NOT APPLY TO YOU. THIS WARRANTY GIVES YOU SPECIFIC LEGAL RIGHTS, AND YOU MAY HAVE OTHER RIGHTS WHICH VARY FROM JURISDICTION TO JURISDICTION.

TERMINATION. Without prejudice to any other rights of Codemasters, this Agreement will terminate automatically if you fail to comply with its terms and conditions. In such event, you must destroy all copies of the Program and all of its component parts.

INJUNCTION. Because Codemasters would be irreparably damaged if the terms of this Agreement were not specifically enforced, you agree that Codemasters shall be entitled, without bond, other security or proof of damages, to appropriate equitable remedies with respect to breaches of this Agreement, in addition to such other remedies as Codemasters may otherwise have under applicable laws.

INDEMNITY. You agree to indemnify, defend and hold Codemasters, its partners, affiliates, contractors, officers, directors, employees and agents harmless from all damages, losses and expenses arising directly or indirectly from your acts and omissions to act in using the Program pursuant to the terms of this Agreement.

MISCELLANEOUS. This Agreement represents the complete agreement concerning this license between the parties and supersedes all prior agreements and representations between them. It may be amended only by a writing executed by both parties. If any provision of this Agreement is held to be unenforceable for any reason, such provision shall be reformed only to the extent necessary to make it enforceable and the remaining provisions of this Agreement shall not be affected. This Agreement shall be governed by and construed in accordance with the laws of England and you consent to the exclusive jurisdiction of the courts of England.

If you have any questions concerning this license, you may contact Codemasters at:

The Codemasters Software Company Limited, PO Box 6, Royal Leamington Spa,
Warwickshire CV47 2ZT United Kingdom.
Tel +44 1926 814 132, Fax +44 1926 817 595.

technical support

codemasters website

www.codemasters.co.uk

Codemasters' website contains game upgrades, FAQs and an online version of our technical support knowledgebase. It also has a technical support request form that you can use to request assistance with this or any other Codemasters game.

email

custservice@codemasters.com

Please include your Dxdiag.txt file with a description of your problem. To obtain this, click the START button on your Windows Taskbar, then click RUN. Type 'Dxdiag' in the dialog box that opens and click OK. This will display the DirectX Diagnostics screen. To send the results, simply click the "SAVE ALL INFORMATION" button and save this as a text (.txt) file. Now attach this file to your email.

telephone / fax

Before calling, ensure that you have checked our website for a possible solution and have read the colin mcrae rally 04™ help file which can be found on colin mcrae rally 04™ Disc 1.

To access the help file:

1. Double-click on "MY COMPUTER" on your Windows Desktop.
2. Right-click on your CD-ROM drive.
3. Left-click on "EXPLORE".
4. Double-click on "README".

Tel: 01926 816044 Fax: 01926 817595

Lines are open between

0900-1730 Monday, 0800-2000 Tuesday to Friday, 1000-1600 Saturday.

Please ensure that you are in front of your PC before calling. Your PC should also be on and in a running state (ie. not having just crashed).
