Project CARS is the most authentic, beautiful, intense, and technically-advanced racing game on the planet.

Guided, tested, and approved by a passionate community of racing fans and real-life drivers, Project CARS represents the next-generation of racing simulation as the ultimate combination of fan desire and developer expertise.

Create a driver, pick from a huge variety of motorsports, and shift into high gear to chase a number of Historic Goals and ultimate recognition in the Hall Of Fame. Then test your skills online either in competitive fully-loaded race weekends, leaderboard-based time challenges, or continually-updated community events.

Featuring the largest track roster of any recent racing game with a ground-breaking dynamic time of day & weather system, world-class graphics and handling, deep tuning & pit stop functionality, and support for Oculus Rift and Project Morpheus, Project CARS leaves the competition behind in the dust.

BEYOND REALITY

Next-generation graphics, dynamic environments, visceral sound, and authentic handling! Playable at either cinematic 12K Ultra HD resolution, via Oculus Rift/Project Morpheus, or everything in between... Project CARS goes beyond reality to provide unrivalled immersion.

BY RACERS 4 RACERS

Crowd-powered by racing fans that have been instrumental throughout the development of the game by guiding, testing, and approving it, Project CARS has also had continual insight from a wide range of real-life drivers offering their expertise and knowledge to make the game authentic, desirable, and deep.

YOUR JOURNEY, ONE DESTINATION

Featuring the largest track roster of any recent racing game, a huge variety of motorsports and car cultures, and unique priority-requested features from the community (dynamic time of day & weather, pit stops, full race weekends...) Project CARS is the premier choice for racing fans.
